## SEMINARY STUDENT TRAINER

This pastors and leadership retreat is designed to provide training for 25 regional pastors and five national leaders and their wives.

The emphasis will be to train the pastors to lead the churches of the Ukraine to develop strategic and implementation plans.

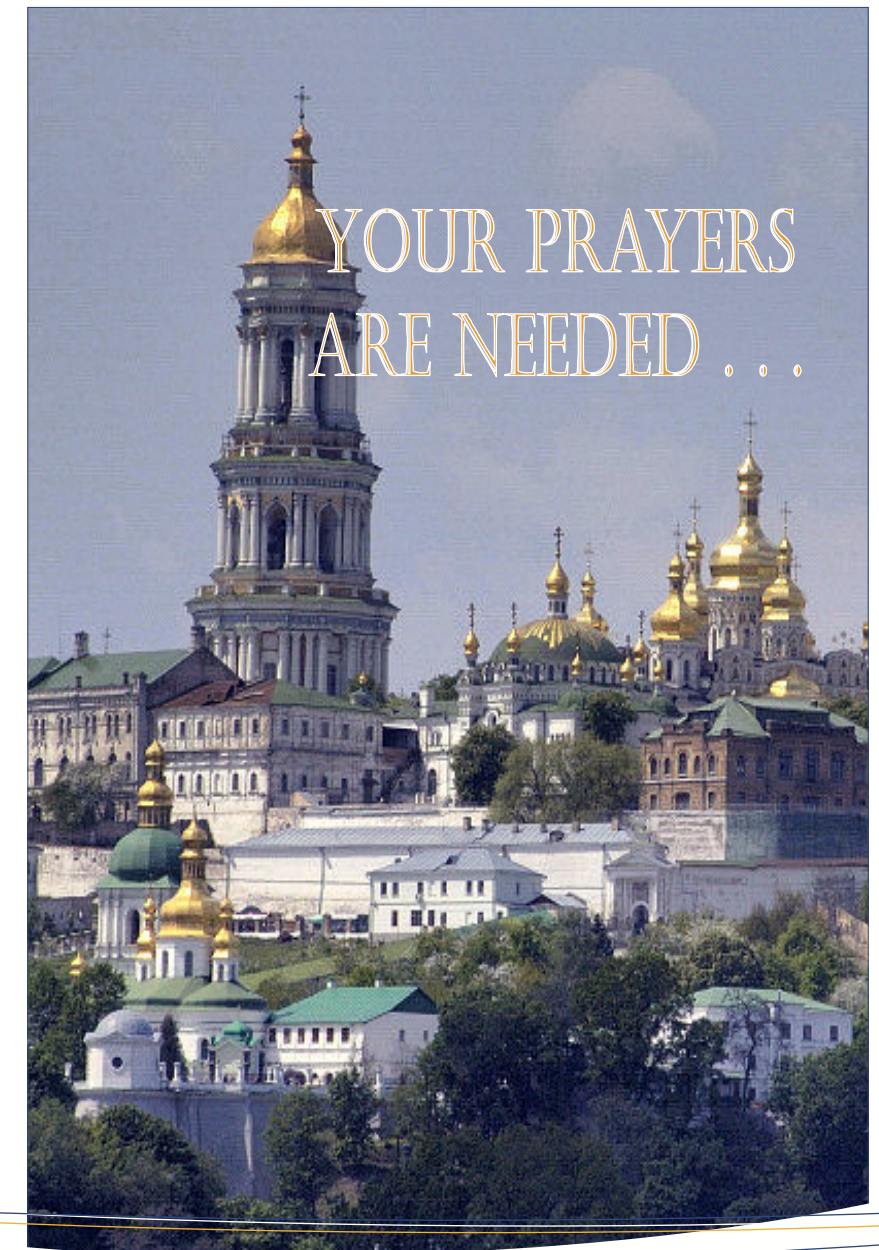

Specific emphasis will be on transforming the churches and people from a legalistic, inward focus to an outward, soul-winning focus.

During the week, each participant will develop his personal strategic and implementation plan for leading his region in a transformational effort.

This event is designed to provide training for 15 seminary students of the Ukrainian Baptist Theological Seminary. The focus will be teaching biblical principles with the Crown financial materials, helping churches learn about honoring their staff through support, and all-age Sunday School work in the churches in the L'viv region.

### SEMINARY TRAINING MODULES:

- Biblical Financial principles through Crown financial track
- Honoring church staff through support
